

Smart Wi-Fi for Campgrounds

Campground Wi-Fi that runs itself (and pays you back)

Scan to Learn More

- ▶ **Self-service Guest Plans:** Offer day, week, month, or seasonal access levels guests choose and activate on their own.
- ▶ **SecurePass™ unique passwords:** Each camper gets a secure, unique password automatically. No shared passwords, no manual device management, and works with IoT devices.
- ▶ **Vouchers for bundles, comps, and events:** Create vouchers for “Wi-Fi included” packages, group stays, VIPs, and service recovery.
- ▶ **Keep service fees in-house:** All service fees go directly to your campground. Simple, transparent monetization.
- ▶ **Capture opt-in guest data:** The Wi-Fi experience gives you a second chance to collect opt-in guest data on-site.
- ▶ **Improve the guest experience:** Collect feedback with surveys and send automated email/SMS campaigns.
- ▶ **Hardware agnostic:** GoZone integrates with most business-grade Wi-Fi hardware, so you can usually start without new equipment or a major IT project.

Empower your campground with self-service guest Wi-Fi plans that drive revenue and deliver a seamless guest experience. Focus on your guests, not tech support.

- ▶ Reduce password/device requests at the front desk
- ▶ Offer paid access levels and keep fees in-house
- ▶ Connect screenless IoT devices with SecurePass™
- ▶ Customize WiFi login and landing pages
- ▶ Collect customer demographics and build guest list
- ▶ Increase security, limit bandwidth, and filter content
- ▶ Collect guest feedback with surveys add-on
- ▶ Prompt reviews through optional automated campaigns
